Color Laser Printer

Overview

The Printmark PMCS4131DW is a professional A4 colour single-function laser printer designed to deliver reliable colour and monochrome printing for modern business environments. With 25 PPM printing speed in both black and colour, automatic duplex printing, wireless connectivity, Gigabit Ethernet, a high monthly duty cycle, and flexible paper handling. The PMCS4131DW utilizes Composite Technology Toner. The supplied toner configuration provides approximately 750 pages for Black and 500 pages for each CMY colour, while higher-capacity toner options provide approximately 1,500 pages for Black and 1,500 pages for each CMY colour.

Key Highlights

- 25 PPM colour & monochrome printing
- 4800 CQ colour resolution
- Composite Technology Toner (CMYK)
- 802.11ac wireless + Gigabit Ethernet
- 2.8" LCD touch panel
